BELTEI Tour has made contracts with over hundreds of hotels along with special deals other than those motioned in the list. We ensure our competitive room rates in the market.

Few countries in the world offer the kind of fascinating intrigue that Cambodia does. And as the country quietly emerges as an international tourist destination, the number and quality of hotels is increasing rapidly. Rural home stays, stilted beach side bungalows, and small boutique hotels offer a nice change from the traditional hotels which dominate the accommodation scene.

We have program for Cycle, Golf, Home Stay, Island, Adventures and MICE, if you are interested for your specific inquiry or any request that refer to the package above, quotation for hotel, Hotel reservation, and 24 hours information, please do not hesitate to contact to **BELTEI TOUR** office as below:
